... A dream?!

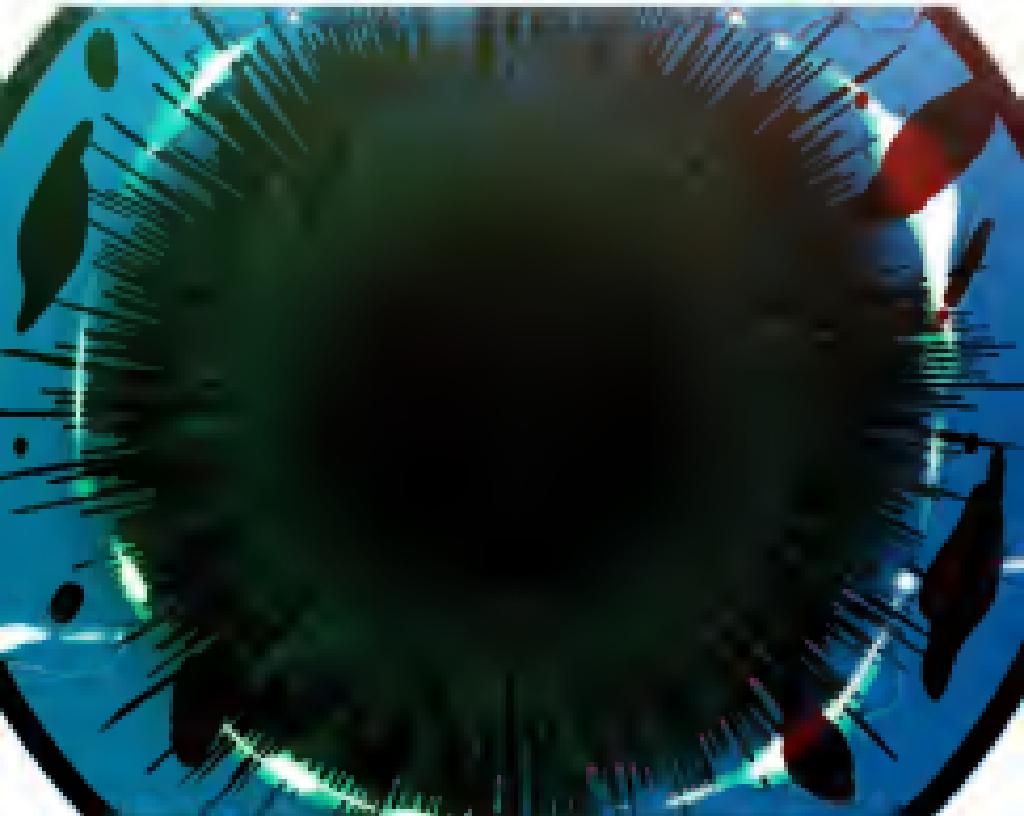

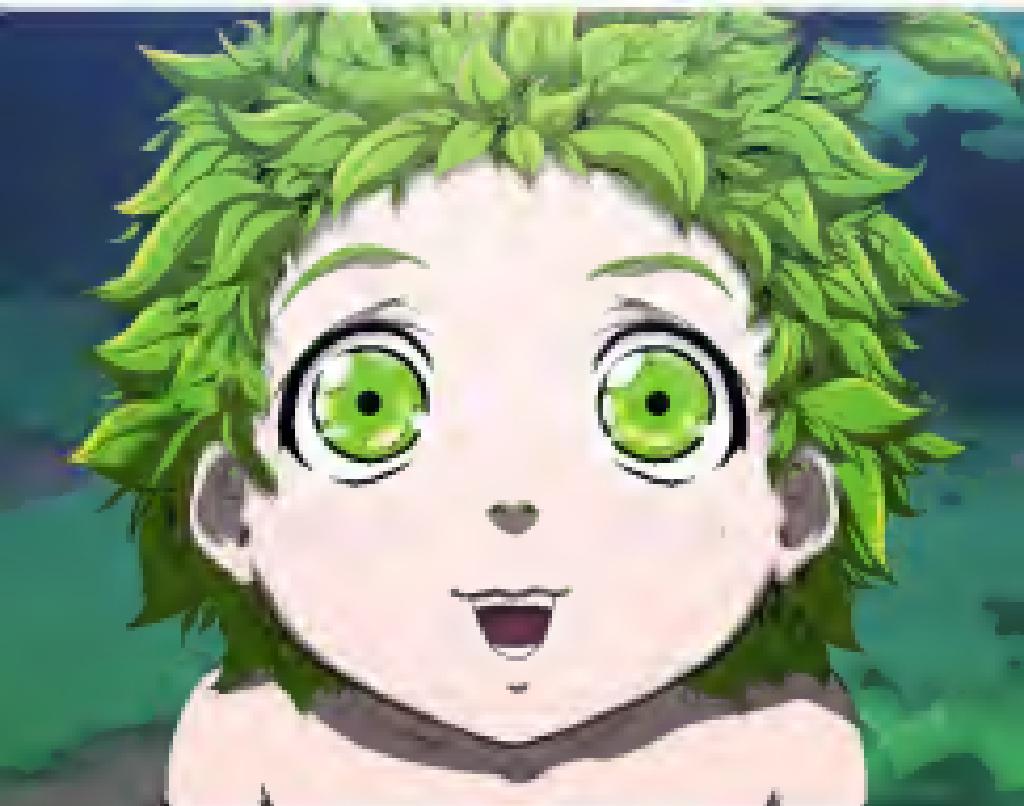

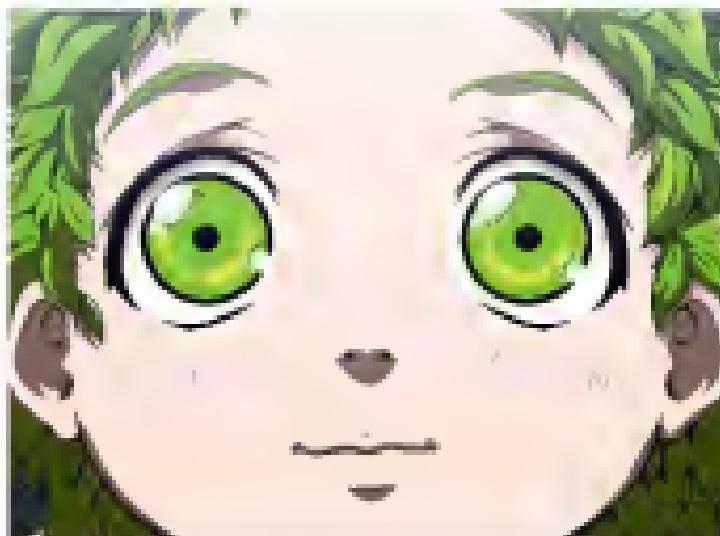

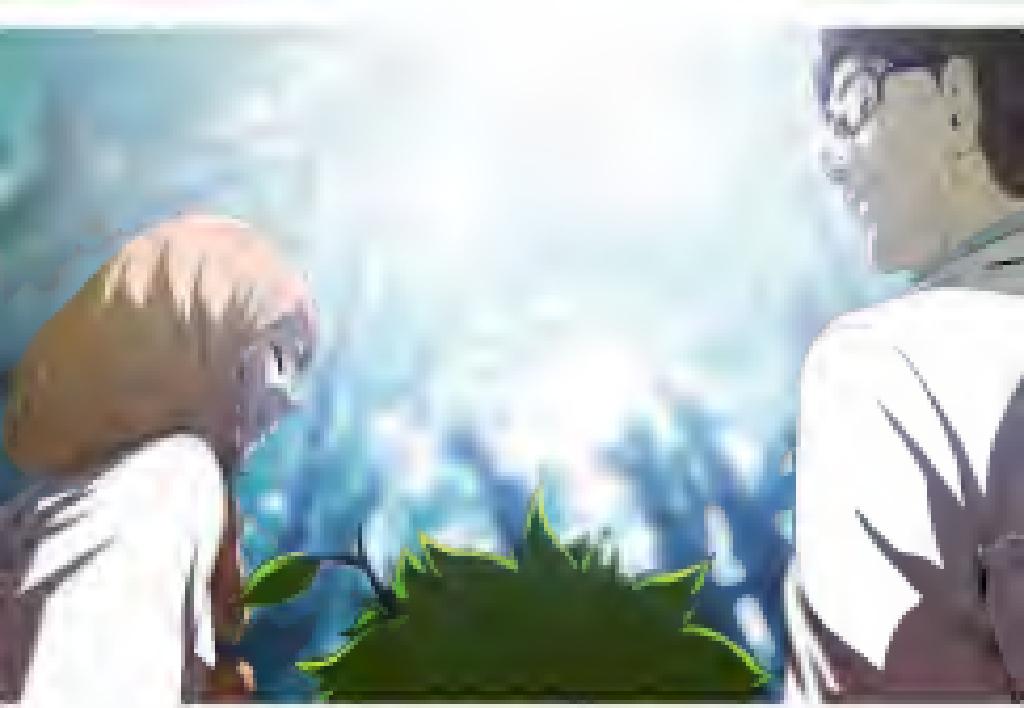

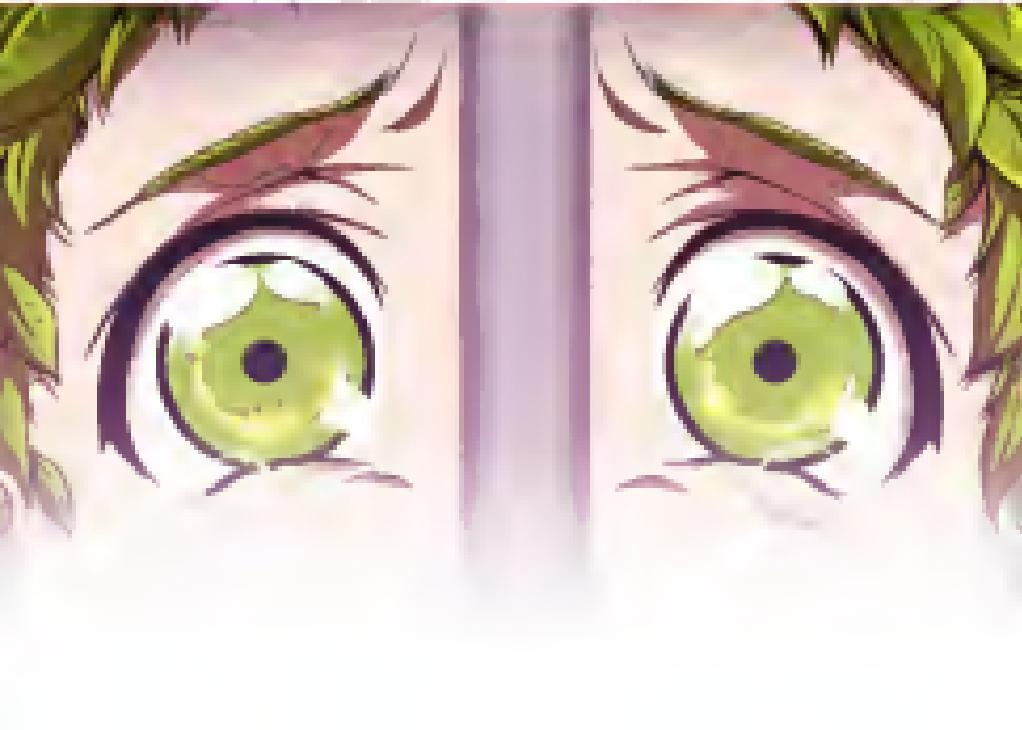

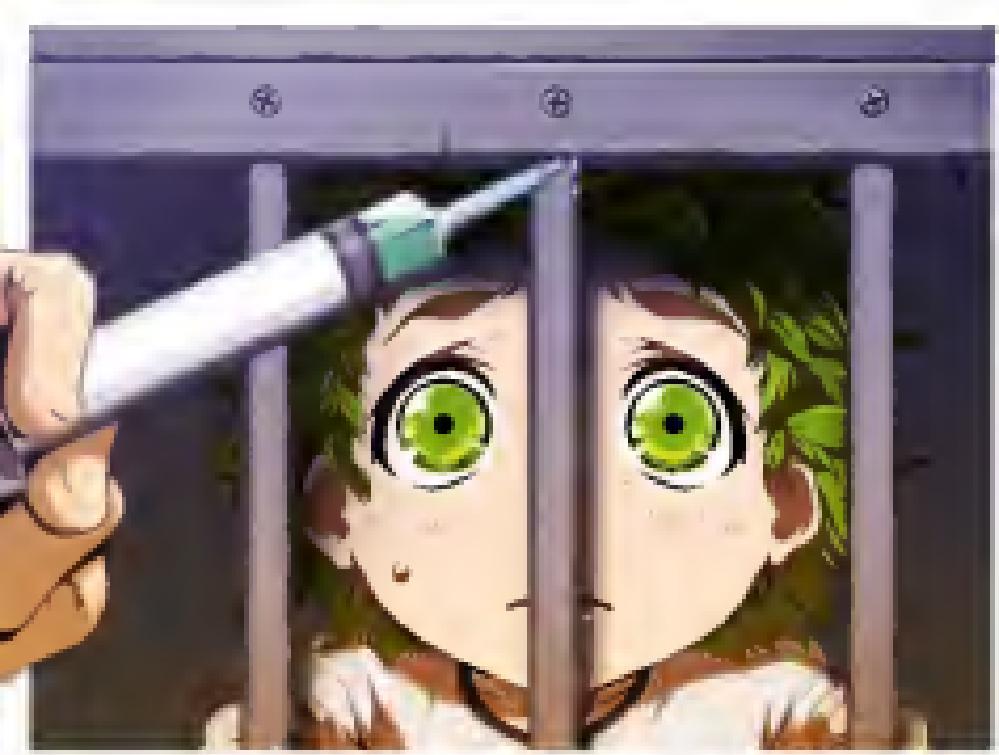

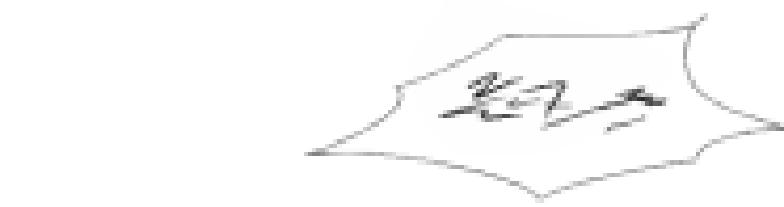

CLANG

A close-up illustration of two people in a romantic embrace. A woman with voluminous green hair is on the left, her face partially hidden behind the man's shoulder. She wears a white top. A man with brown hair is on the right, wearing a black shirt and red pants. They are both looking towards the right side of the frame.

Did I sleep in? I'm sorry. I was having a nightmare...

I know. And you're not the only one... so this wasn't the only place with the tower of water!

Huh? What do you...

Damn, we went down without a fight!

Just when  
Bakugo cleared  
things. There you go! They're  
planning something  
here!

The three of us  
had a nightmare, so  
that means someone  
must have played  
tricks on us.

Ah~ I said I  
expected of Master  
Be Huan! You're  
amazing!

AMAZING MY FOOT!!

KARGH!

IT'S!

???

WHAT WAS  
THAT FOR, YOU  
BITCHIN'

Here, look!

?

Shout

Huh? This is...

That soup last night... was it made with this?

Yay. Was it that delicious? Well, if you want some more, I'll cook up another one next time.

Oh? Let's fill up our bags with this before we go back!

Eh... Who, what's with you? You're scaring me...

AROOH~! YOU  
DAMMIT!! HOW CAN YOU  
FEED US WITH THIS!!  
AND SO MUCH...!

COME HERE!  
YOU'RE GONNA PAY  
FOR THAT!!

DASH!

AHH! WHAT'S  
WROOOOONG WITH YOU?  
YOU ENJOINED IT  
TOO!

POW!

DAN!

Ah... So you mean to say that this **shroom** makes you hallucinate once consumed?

Yeah. If you consume only a little, it might make you feel happy and peaceful.

But if you consume a lot, your hallucinations won't be pretty.

And to think we ate so much of it... Ugh—!

Ah! Is that why all of us had nightmares?

#### *"Pepeote (*Lepiota clypeolaria*)"*

A small, spreading **shroom** with psychoactive alkaloids, particularly muscimol. Known for its psychoactive properties when ingested, pepeote is used worldwide as an entheogen and supplement to various transcendence practices, including meditation, psychonautics, and psychedelic psychotherapy. Pepeote has a long history of ethnobotanic and medicinal use by indigenous Americans.

-Source: Wikipedia\*

Umm... Before I collapsed, I ate a bit of that cactus because I was thirsty... do you think that's why I saw that tower of water?

That might be true. Although the amount and methods vary, with the right amount you can see illusions that make you happy.

I'm starting to think that the reason why people saw illusions around this area is all because of pyroza.

Tsk, we came all the way here for nothing!

It's troublesome with those cacti, so I'll just get back to the town first then come back here when it's dark.

I'm really sorry.  
Because of me...

Don't be.  
This is all because of  
Be Heen.

Speaking of which,  
you don't really have a  
place to stay even when  
you get back to the village,  
right? Why don't you stay  
in Be Heen's house until  
you get your memory  
back?

WHAT? HOW  
COME YOU'RE THE  
ONE DECIDING...

HAVEN'T GOT BRAIN ENOUGH!

How about I hit  
you just as much  
as your delaying  
monthly rents?

Welcome to me! Let's get along.

Thank you,  
Miss Fron and Master  
Be Heard

Don't cry~ it feels weird

Oh, I was so  
happy as it  
just...  
I thought,

...I thought,

Even if you're  
the owner, aren't you  
taking this way too far?  
Shouldn't you at least  
ask for my opinion?!

"Geez, if it's so unfair for you, you should pay your rent on time!"

"Are you kidding me? If I had that money, I would have paid you already."

"I'm really sorry. You came all the way here for nothing, but you still gave me a place to sleep... I really don't know how I should thank you..."

"I know that I'll be a burden to you, but I'll be staying in your place for a while."

"There's no need for that, Nine. Sa Hean over there has been staying for free for a few months already."

"But I'll do my best so that Master Sa Hean won't be bothered because of me."

"And I'll repay this debt once I get my memory back..."

"Those guys were definitely observing us. And they were also knowing that we ate peyote."

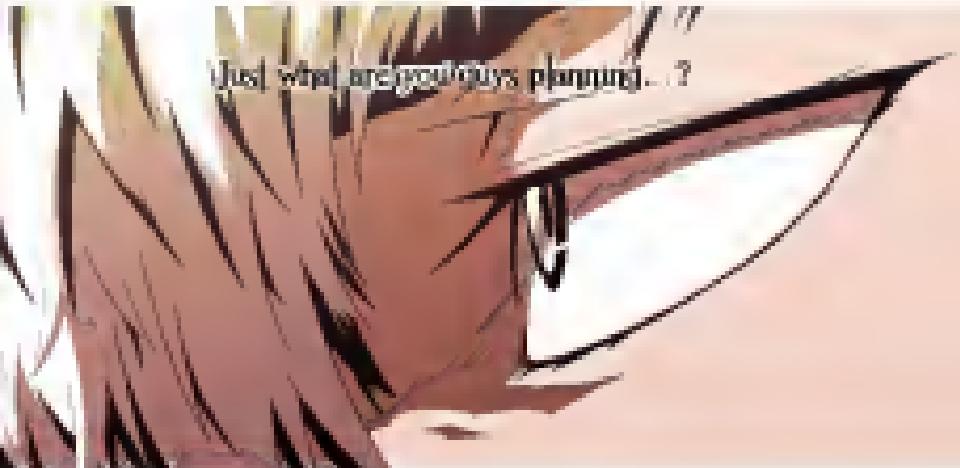

"So either they knew about peyote..."

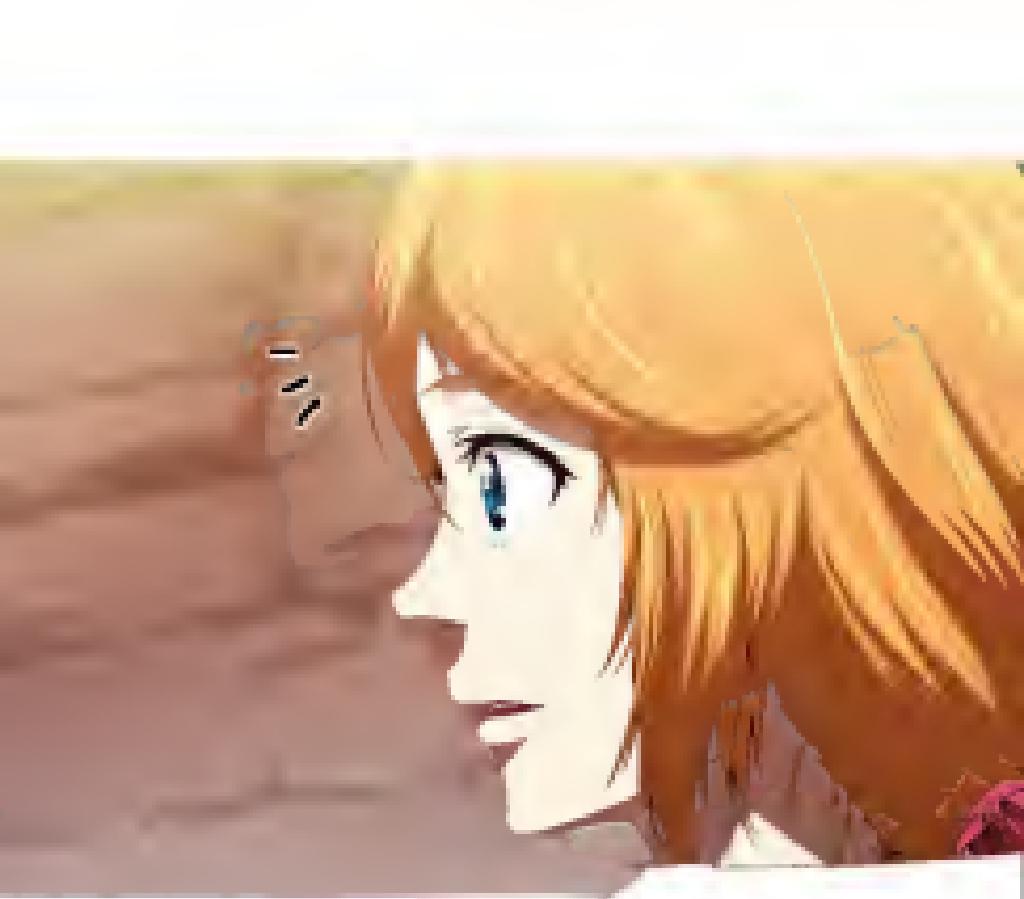

"Or if that's not it..."

They're gonna... do what?  
uh-ohhh...

Just what are you guys planning...?

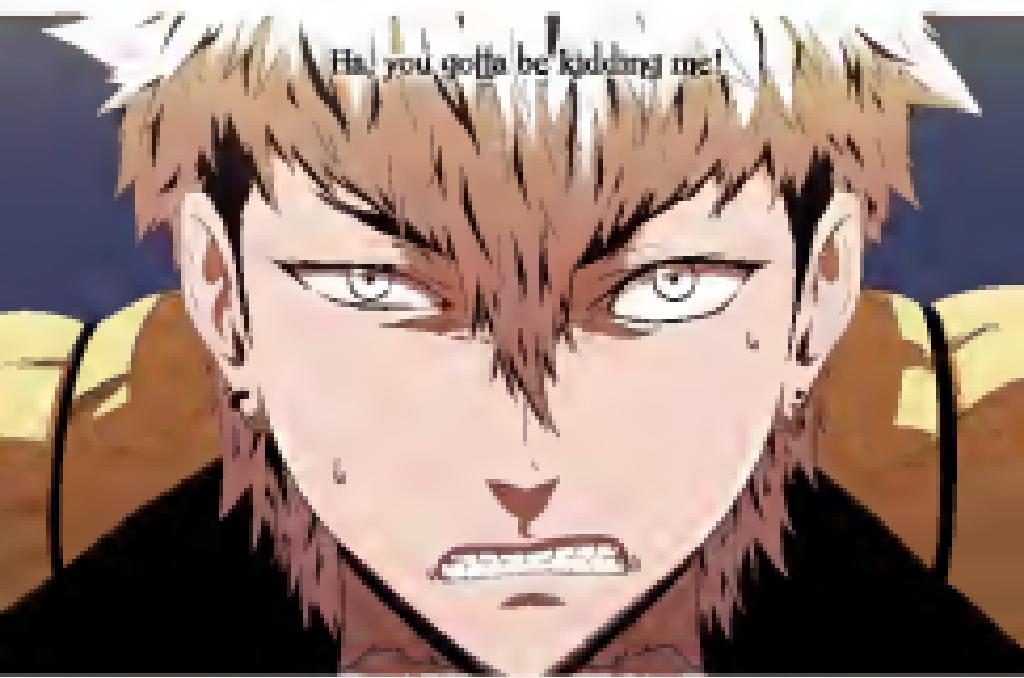

HELP ME!!

The Hyena gang?!

WHAT ARE YOU  
JUST STANDING THERE FOR?  
HELP ME QUICKLY!
